Environmental Stories:

KTVI Ch. 2 St. Louis - Elmwood residents claim industrial contamination making them sick - 1/16/14 - People living in Elmwood Park got some answers from a federal agency Thursday night about their claims that industrial contamination in their neighborhood is making them sick. This follows a review of health concerns by the agency for toxic substances and disease registry.
<http://northcounty.fox2now.com/news/news/391211-elmwood-residents-claim-industrial-contamination-making-them-sick>

KWWL Ch. 7 Waterloo, Iowa - Dyersville addressing elevated radium levels in tap water - 1/16/14 - Radium, a radioactive substance known to raise cancer risks, is showing up at higher levels

in a few Iowa towns' tap water. One of those cities is Dyersville, where officials say Radium is found in the aquifer from which the community gets its water supply.

<http://www.kwwl.com/story/24476506/2014/01/16/dyersville-addressing-elevated-radium-levels-in-tap-water>

KWWL Ch. 7 Waterloo, Iowa - Plugged pipe sends wastewater into Dubuque street - 1/16/14 - The City of Dubuque says a plugged pipe lead to untreated wastewater flowing into the street in the 4800 block of Chavenelle Road on Wednesday. <http://www.kwwl.com/story/24473101/2014/01/16/plugged-pipe-sends-wastewater-into-dubuque-street>

Kansas Health Institute News Service - KDHE posts new power plant permit for public comment | Modified permit requires Sunflower to follow latest federal clean air regulations - 1/16/14 - Kansas utility officials and state environmental regulators say they remain uncertain of the consequences from expected new federal air quality regulations, particularly with respect to Sunflower Electric's efforts to build a new, 895 megawatt generating unit at its coal-fired power plant in Holcomb, near Garden City. <http://www.khi.org/news/2014/jan/16/kdhe-posts-new-power-plan-permit-public-comment/>

News Tribune, Jefferson City, Mo. - Dozen kids stricken by illness at St. Joseph Cathedral School - 1/16/14 - What caused several children to become ill at St. Joseph Cathedral School Wednesday morning is under investigation. <http://www.newstribune.com/news/2014/jan/15/dozen-kids-stricken-illness-st-joseph-cathedral-sc/>

Emporia Gazette (Kan.) - County discusses environmental use controls - 1/16/14 - The Lyon County Commission met for a study session Wednesday and discussed the potential placement of an environmental use control on the courthouse property. http://www.emporiagazette.com/latest_news_and_features/article_ad19b3fe-7ecd-11e3-af2a-10604b9f6eda.html

Des Moines Register - Lawmakers warn of burdens on rural economies if EPA cuts ethanol mandate - 1/16/14 - A bipartisan group of lawmakers led by Iowa's representatives in the U.S. House urged the White House Thursday to withdraw its November proposal that would reduce the amount of ethanol required to be blended into the country's gasoline supply in 2014. <http://blogs.desmoinesregister.com/dmr/index.php/2014/01/16/lawmakers-warn-of-burdens-on-rural-economies-if-epa-cuts-ethanol-mandate/>

Kansas City Kansan - Presentation to discuss climate change and response by faith communities - 1/17/14 - Rabbi Moti Rieber, coordinator of Kansas Interfaith Power & Light, will discuss the issue of climate change, the religious response and the work of his agency, in a presentation open to the public on Sunday, Jan. 2. <http://www.kckansan.com/2014/01/presentation-to-discuss-climate-change.html>

St. Louis Business Journal - Ameren's chief nuclear officer resigns - 1/17/14 - Adam Heflin, Ameren Missouri's chief nuclear officer, has resigned to become CEO and chief nuclear officer of The Wolf Creek Nuclear Operating Corp., operator of a nuclear power plant 90 miles southwest of Kansas City <http://www.bizjournals.com/stlouis/blog/2014/01/amerens-chief-nuclear-officer-resigns.html>

Associated Press - U.S. to Canada: Don't push us around on Keystone XL - 1/17/14 - Secretary of State John Kerry says he won't be pushed into making a decision on the long-delayed Keystone XL pipeline, despite pressure from Canada and other pipeline supporters for quick action. http://www.stltoday.com/business/local/u-s-to-canada-don-t-push-us-around-on/article_596bf0d3-3b5d-5715-b249-ec276e541582.html

Associated Press - Voluntary oil-by-rail changes expected - 1/17/14 - U.S. transportation officials this week pressed companies to come up with safer ways to transport oil on the nation's railroads since some explosive accidents have occurred as crude trains proliferate across North America. http://journalstar.com/business/local/voluntary-oil-by-rail-changes-expected/article_fbc952b1-a487-5db0-ad81-dfb60adf10ed.html

Greenwire - Emails between EPA, enviro group become talking point in GHG rule battle - 1/16/14 - Coal industry allies on and off Capitol Hill have seized on emails sent between a Sierra Club lobbyist and U.S. EPA staff that they say confirm their belief that the agency and environmental advocates colluded to write a new power plant rule that would end coal-fired electric generation in the United States. <http://www.eenews.net/greenwire/stories/1059993071>

Daily Caller - EPA chief unable to say if the world has gotten warmer - 1/16/14 - Environmental Protection Agency administrator Gina McCarthy wasn't able to definitively say whether the world has gotten warmer in Senate testimony. <http://dailycaller.com/2014/01/16/epa-chief-unable-to-say-if-the-world-has-gotten-warmer/>

Daily Caller - States revolt against EPA's global warming agenda - 1/16/14 - Nebraska filed suit against the Environmental Protection Agency over the agency's proposed carbon dioxide emissions limits for new power plants. The Cornhusker State is the latest to push back against the Obama administration's effort to fight global warming. <http://dailycaller.com/2014/01/16/states-revolt-against-epas-global-warming-agenda/>

San Francisco Gate - Senate Republicans attack EPA on carbon cuts at coal plants - 1/16/14 - Senate Republicans attacked the Environmental Protection Agency's plan to slash carbon pollution from coal-fired power plants Thursday, saying it would damage the economy. <http://www.sfgate.com/science/article/Senate-Republicans-attack-EPA-on-carbon-cuts-at-5150642.php>

Brownfield Ag News - Drones have future as a farm tool - 1/16/14 - Weighing in at five pounds, unmanned aircraft have a bright future in farming, according to Dr. Kevin Price, an agronomist at Kansas State University. <http://brownfieldagnews.com/2014/01/16/drones-future-farm-tool/>

E&E Daily - Ethanol backers on Hill and off press EPA on biofuel targets - 1/16/14 - Midwestern lawmakers and their supporters off Capitol Hill continued to press U.S. EPA yesterday to increase its mandate this year for ethanol use. <http://www.eenews.net/eedaily/stories/1059993021/>

E&E Daily - Senior Canadian officials pay visit to pipeline supporters on Hill - 1/16/14 - As both friends and foes of Keystone XL prepare for the State Department to release its final environmental review of the \$5.4 billion project within weeks, senior Canadian officials yesterday made the rounds among the oil sands crude pipeline's strongest Capitol Hill supporters. <http://www.eenews.net/eedaily/stories/1059993023/>

E&E Daily - Lawmakers float bill to make waterworks upgrades more affordable - 1/16/14 - A bipartisan pair of House lawmakers this week floated legislation aimed at making mandatory waterworks upgrades more affordable for cash-strapped communities. <http://www.eenews.net/eedaily/stories/1059993014/>

E&E Daily - Agency watchdogs hurt by budget constraints -- IGs - 1/16/14 - Agency watchdogs across the government are seeing their investigative efforts hamstrung by budget shortfalls and hiring freezes. <http://www.eenews.net/eedaily/stories/1059993020/>

Brownfield Ag News - Nebraska bill would open door to more custom hog feeding - 1/17/14 - Nebraska commodity and farm organizations are applauding the introduction of a bill designed to expand pork production in the state. The legislation would end the state's prohibition on packer ownership of hogs. <http://brownfieldagnews.com/2014/01/17/nebraska-bill-open-door-custom-hog-feeding/>

Huffington Post - This Is How Little Time Television News Devotes To Climate Change - 1/16/14 - Climate change got more coverage on broadcast news in 2013 than in the previous few years, but the issue still didn't get nearly as much attention as it did in 2009, Media Matters found in a new analysis. http://www.huffingtonpost.com/2014/01/16/climate-change-tv-news_n_4606313.html

Washington Post - Environmental groups say Obama needs to address climate change more aggressively - 1/16/14 - The new pressure from both sides could have an impact on critical permitting decisions on issues ranging from the Keystone XL pipeline to natural gas exports and federal coal leases. http://www.washingtonpost.com/national/health-science/environmental-groups-say-obama-needs-to-address-climate-change-more-aggressively/2014/01/16/1e891608-7ebd-11e3-93c1-0e888170b723_story.html

Mother Jones - Global Warming Denial Hits a 6-Year High - 1/17/14 - The latest data are out on the prevalence of global warming denial among the US public. And they aren't pretty. <http://www.motherjones.com/blue-marble/2014/01/global-warming-pause-climate-denial-public-opinion>

Associated Press - Farmers plan more beans, less corn - 1/16/14 - Midwestern farmers spent the last few years planting as much corn as they could, but with its price half of what it was a couple of years ago, the crop's golden luster has dulled and many growers are considering shifting acreage back to soybeans. http://journalstar.com/business/agriculture/farmers-plan-more-beans-less-corn/article_375f3da6-2203-5515-a341-3836741a8221.html

Associated Press - FutureGen gets key U.S. Energy Department approval - 1/16/14 - The U.S. Department of Energy on Thursday gave the long-planned FutureGen clean-coal project one of the final OKs it needs to start building. http://www.stltoday.com/business/local/futuregen-gets-key-u-s-energy-department-approval/article_fc461098-d285-51d4-971d-272a925e680e.html

Lincoln Journal-Star - NPPD signs 25-year agreement to buy power from new wind farm in Custer County - 1/16/14 - The Nebraska Public Power District board on Thursday approved a 25-year agreement with a Sempra U.S. Gas & Power affiliate to buy power from a new wind farm to be built in Custer County. http://journalstar.com/news/local/nppd-signs-year-agreement-to-buy-power-from-new/article_3c567b39-f8e4-58cf-95ae-e5f09a05329f.html

Associated Press - Nebraska suing EPA over power plant standards - 1/16/14 - Nebraska Attorney General Jon Bruning says his office is suing the federal Environmental Protection Agency over greenhouse gas standards for new power plants. <http://www.businessweek.com/ap/2014-01-16/nebraska-suing-epa-over-power-plant-standards>
Widely Reported

Penn Energy - Nebraska AG to challenge EPA's NSPS - 1/16/14 - Nebraska Attorney General Jon Bruning announced the state will be filing suit against the U.S. Environmental Protection Agency to challenge the agency's New Source Performance Standards, which limit carbon emissions on new power plants. <http://www.pennenergy.com/articles/pe/2014/01/nebraska-ag-to-challenge-epa-s-nsps.html>

Omaha World-Herald - Iowa lawmakers oppose EPA proposal on fuel changes - 1/17/14 - Iowa lawmakers want it known that they oppose a proposal that would reduce the amount of ethanol in the nation's fuel supply. Legislators in the House and Senate voted Thursday in favor of resolutions supporting the existing fuel standards. <http://www.omaha.com/article/20140117/NEWS/140118857/1707>

Des Moines Register - Iowa House, Senate show support for renewable fuel standard - 1/17/14 - Lawmakers from both chambers unanimously approved a resolution on Thursday calling on the federal Environmental Protection Agency to abandon a proposed rule that would reduce a mandate for the production of fuel from renewable sources. <http://www.desmoinesregister.com/article/20140117/NEWS10/301170051/iowa-house-senate-show-support-for-renewable-fuel-standard>

Christian Science Monitor - As emissions rise, US coal steps up push for carbon capture - 1/16/14 - After three years of decline, greenhouse-gas emissions are rising again, largely because of increased coal use. The best chance for the industry to erase its 'dirty coal' image is through carbon capture, which is making progress. <http://www.csmonitor.com/Environment/Energy-Voices/2014/0116/As-emissions-rise-US-coal-steps-up-push-for-carbon-capture>

Washington Free Beacon - Emails Show Extensive Collaboration Between EPA, Environmentalist Orgs - 1/16/14 - Internal Environmental Protection Agency (EPA) emails show extensive collaboration between top agency officials and leading environmentalist groups, including overt efforts to coordinate messaging and pressure the fossil fuel industry. <http://freebeacon.com/emails-show-extensive-collaboration-between-epa-environmentalist-orgs/>

KNSS Radio Wichita - Alternative Energy Patent Issued to Kansas State - 1/15/14 - Kansas State University has received a patent for a substance that helps convert straw and other grasses into a cleaner-burning fuel. <http://www.knssradio.com/pages/18199454.php>

Associated Press - EPA denies politics delayed pollution rules - 1/16/14 - The head of the Environmental Protection Agency denied Thursday that the agency delayed formal publication of carbon pollution rules for new power plants for political reasons, as Republican senators have claimed. <http://www.whig.com/story/24472482/epa-denies-politics-delayed-pollution-rules>

Midwest Energy News - Despite decline, states still spending billions to import coal - 1/17/14 - While coal use has declined in recent years, most states are still spending billions to import the fuel for electricity generation, according to a new study. <http://www.midwestenergynews.com/2014/01/17/despite-decline-states-still-spending-billions-to-import-coal/>

Fox News - 'Not looking good': Coal workers see future dim amid regulation burden (+video) - 1/16/14 - Coal has come under the crosshairs of the Obama administration in the push to transition to renewable energy sources. Coal mines are burdened with a never-ending stream of federal regulations. <http://www.foxnews.com/politics/2014/01/16/not-looking-good-coal-workers-see-future-dim-amid-regulation-pressure/>

Forbes - Opinion: Natural Gas: The Electric Grid's 20 Minute Pizza - 1/17/14 - Texans need to rely upon the abundant natural gas that is right beneath our feet for our baseload power generating needs into the future. It's really the only option that makes sense. <http://www.forbes.com/sites/davidblackmon/2014/01/17/natural-gas-the-electric-grids-20-minute-pizza/>

Bloomberg - Renewable Energy at \$254 Billion? Let's Make It a Clean Trillion - 1/16/14 - Billionaire bankers gathered at the United Nations yesterday to call for more investment in renewable energy -- \$1 trillion a year, to be exact. It won't be easy. <http://www.bloomberg.com/news/2014-01-16/renewable-energy-at-254-billion-let-s-make-it-a-clean-trillion.html>

Yahoo News - EPA denies politics delayed pollution rules - 1/16/14 - The head of the Environmental Protection Agency denied Thursday that the agency delayed formal publication of carbon pollution rules for new power plants for political reasons, as Republican senators have claimed. <http://news.yahoo.com/epa-denies-politics-delayed-pollution-180521176.html>

New York Times - U.N. Says Lag in Confronting Climate Woes Will Be Costly - 1/16/14 - Nations have so dragged their feet in battling climate change that the situation has grown critical and the risk of severe economic disruption is rising, according to a draft United Nations report. <http://www.nytimes.com/2014/01/17/science/earth/un-says-lag-in-confronting-climate-woes-will-be-costly.html>

BEEF Magazine - McDonald's & Walmart Demand Sustainable Beef – What Does That Really Mean? - 1/16/14 - Last week, when McDonald's announced it will begin purchasing verifiable

sustainable beef in 2016, many in the cattle business wondered exactly what McDonald's meant by "sustainable beef." Here's the catch—nobody knows. <http://beefmagazine.com/cattle-industry-structure/mcdonald-s-walmart-demand-sustainable-beef-what-does-really-mean>

BNM - McConnell Files Resolution of Disapproval In Attempt to Block EPA Power Plant Rules - 1/16/14 - Senate Minority Leader Mitch McConnell (R-Ky.) has filed a resolution of disapproval in an attempt to block the Environmental Protection Agency's new source performance standards for greenhouse gas emissions for future power plants. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956950&vname=dennotallissues&jd=a0e5c4t7f2&split=0

BNM - Nebraska Says Power Plant Rule Violates Energy Policy Act, Should Be Withdrawn - 1/16/14 - Nebraska sued the EPA, arguing it proposed carbon dioxide performance standards for power plants violates the Energy Policy Act. Potential Impact: Nebraska is asking the court to compel the EPA to withdraw the proposed rule. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956946&vname=dennotallissues&jd=a0e5c4r2g6&split=0

BNM - Report: Companies Sometimes Disagree With Their Industry Groups on Climate Change - 1/16/14 - Major companies sometimes disagree with trade groups they belong to about climate change-related activities, according to a report from the Union of Concerned Scientists and the Center for Science and Democracy. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956931&vname=dennotallissues&jd=a0e5c4j5p0&split=0

BNM - Republicans Say Obama Put Off Power Plant Rules to Protect Vulnerable Democrats - 1/16/14 - Two Republicans on the Senate Environment and Public Works Committee on Jan. 16 accused President Barack Obama of playing politics in delaying final limits for greenhouse gas emissions from new power plants beyond the November elections to protect vulnerable Democrats. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956959&vname=dennotallissues&jd=a0e5c5b9u7&split=0

BNM - Senate Group Holds Inaugural Meeting On Warming With 'Newfound Momentum' - 1/16/14 - Senators on a new caucus that aims to push for action on climate change and defend President Barack Obama's efforts on the issue met for the first time Jan. 16 to discuss strategy, including some possible legislative initiatives. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956963&vname=dennotallissues&jd=a0e5c8a0k9&split=0

BNM - 'Massive Growth' in Low-Carbon Transport Needed to Address Climate Pressures - 1/16/14 - Addressing climate change mitigation and adaptation pressures will require "massive growth" in low-carbon transport over the next few years, the head of the investor-led Climate Bonds Initiative said Jan. 16. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956964&vname=dennotallissues&jd=a0e5c8a9v1&split=0

BNM - Bill Would Allow Cities to Modify Permits, Consent Orders to Meet Water Act Obligations - 1/16/14 - Municipalities would be able to restructure consent agreements, modify permits and take other steps to address financial and compliance challenges related to their Clean Water Act regulatory obligations under legislation introduced in the House on Jan. 14. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956947&vname=dennotallissues&jd=a0e5c4r8u0&split=0

BNM - Extended Delay in EPA Cooling Water Rule Runs Risk of Reopening Lawsuit, Lawyer Says - 1/16/14 - An attorney for the advocacy group Riverkeeper told a federal district judge Jan. 15 that the group may reopen its lawsuit against the Environmental Protection Agency for failing to issue final regulations for cooling water intake structures at power plants and industrial facilities. http://news.bna.com/deln/DELNWB/split_display.adp?fedfid=39956937&vname=dennotallissues&jd=a0e5c4m3y7&split=0

Inside EPA - EPA Aims To Boost Defense Against Claim Energy Law Bars Climate NSPS - 1/17/14 - EPA has sent for White House review a data notice that aims to bolster the agency's defense against claims that a 2005 energy law bars it from citing carbon capture and sequestration (CCS) projects funded by the law to justify its proposed mandate that new coal plants install the technology in its pending climate rule for utilities. <http://insideepa.com/201401172458462/EPA-Daily-News/Daily-News/epa-aims-to-boost-defense-against-claim-energy-law-bars-climate-nsps/menu-id-95.html>

Inside EPA - Legal, Political Bids To Block EPA Utility Climate NSPS Face High Hurdles - 1/17/14 - Critics of EPA's proposed climate rule for new power plants are waging a lawsuit and pursuing a Senate resolution to try and block the rule, but the efforts face high hurdles as an appellate court has said it can only review the final rule and not the proposal. <http://insideepa.com/201401172458463/EPA-Daily-News/Daily-News/legal-political-bids-to-block-epa-utility-climate-nsps-face-high-hurdles/menu-id-95.html>

Inside EPA - McCarthy Vows To Craft Plan For Preventing EPA Pay Fraud - 1/17/14 - PA Administrator Gina McCarthy is agreeing to a request from Senate environment panel Chairman Barbara Boxer (D-CA) to craft within two weeks a plan detailing how the agency will prevent future fraud cases. <http://insideepa.com/201401172458461/EPA-Blog/The-Inside-Story/mccarthy-vows-to-craft-plan-for-preventing-epa-pay-fraud/menu-id-97.html>

Inside EPA - EPA Said To Consider Lifting RCRA Waiver For Treated Drilling Waste - 1/17/14 - EPA and states appear poised to weigh the question of whether a decades-old waiver excluding the majority of oil and gas production wastes from handling and other requirements under the Resource Conservation & Recovery Act (RCRA) applies to wastewater that has been treated for disposal to surface water or recycling. <http://insideepa.com/201401172458502/EPA-Daily-News/Daily-News/epa-said-to-consider-lifting-rcra-waiver-for-treated-drilling-waste/menu-id-95.html>
